So, in this case ...

You knew the guy

Yes, was a close friend during early middle school

What was that reaction anyway? You even sobbed! Did he go overseas or something ?

I thought he died !

suspicious

It smells.

I don't understand. For one thing, I don't get why you think he died. Secondly, I've never seen two guys hugging for anything !

When a friend who you thought died shows up 9 years later, I would hug anyone even if that friends turns out to be you. Want me to prove right now right here ?

Get your face off me ! Keep your distance ! And I don't like the "even if" part.

Anyway, why did you think he was dead? He looks fine to me now.

I thought he died ...

Because of me ...

An accident...

At that time, I was 100% certain.

That no one would likely survived from that.

It took me 3 days to just realize whether I smelled blood or rusty iron from the accident sight.....

I never asked anyone about Se-Ul's condition even after being released from a hospital.

I assume (I did not want anyone to inform me) he was ... (being) dead.

The pressure from the guilt that he died because of me was eating me away every day.

And I kept on thinking, only if I hadn't gone there.

I decided to forget about it.

At that time, we weren't going to the same school. We were just pals who lived in the same area.

I decided to act like just a random friend who lived in the same area and I didn't even know his real

Memories be lost than done though.

... Wait. this situation ... I never had a dream about this ...

Dream?

Yeah, it remembered just now.

I dreamt today, I think...

3 years ago, I had a dream about today... Meeting him again and talk to you about him...

Are you kidding me? You didn't know me 9 years ago.

True.. Weird.

Yes, weird ...

Fine, let's believe his story for now.

This is still weird !

Time is on my side !

I will reveal the dark secret about him !

Did you wait long? Are you done with talking to the teacher ?

Yeah, it's quite late. Let's go home now.

I know it's late but let's walk slowly.

There are lots of things I want to hear from you.

Sure, why not. I have lots to ask you also.

Who is the girl you were with? Are you two close?

Her name is Lee Bom! We've know each other since high school. Got pretty close, I guess. She dragged me out to talk which is why I am so late, heh.

I will introduce to her tomorrow ! She's got a rough mouth but she's a good girl !

Ma, thanks.

Thanks for the offer, but don't introduce her to me and since worse, I don't like her.
